FOR IMMEDIATE RELEASE

Michigan Fuels Expands Health Products by Offering Bee Awake™ Supplement

Clemmons, NC, May 24, 2005 – Genisys Business Connections, LLC (GBC) is pleased to announce that Michigan Fuels, Inc. is offering Bee Awake™ at its location on the corner of Drake and Grand River in Farmington Hills. Bee Awake is a doctor-developed, all-natural energy and dietary supplement which helps people stay mentally alert and physically energized.

According to GBC, Michigan Fuels chose Bee Awake because it provides a healthy, safe and ephedra-free way for people to get the energy and nutrients their bodies are craving. In addition to boosting energy levels, Bee Awake's formula also boosts the body's metabolism.

"When taken in conjunction with a well-balanced diet and regular exercise, Bee Awake can effectively support a goal of achieving and maintaining a healthy weight by promoting a healthy metabolism, reducing body fat and preserving lean muscle," notes Dr. Jim Daily, PhD, a recognized expert in nutrition science.

"We are so pleased that Bee Awake will now be available at Michigan Fuels," notes Luann Prater, managing partner of Genisys Business Connections. Prater continues: "We are excited about partnering with Michigan Fuels to make Bee Awake a top item in every location. To make this a reality, we are launching an aggressive, grass roots PR campaign to get the word out about Bee Awake."

About Genisys Business Connections, LLC

GBC purchased Bee Sweet, the makers of Bee Awake, in 2004 and have since focused on expanding the markets for their products. In April 2005, the Bee Awake product received all new packaging and point-of-purchase materials. To maximize the availability of Bee Awake, GBC markets the product to convenience stores, health food stores, restaurants, college bookstores, travel centers, distributors and directly to consumers.
